SUPPLEMENTARY INFORMATION SHEET ON STATE AID FOR TRAINING

This supplementary information sheet must be used for the notification of individual aid pursuant to Article 6(1)(g) of Commission Regulation (EC) No 800/2008 (1) and covered by the Criteria for the compatibility analysis of training State aid cases subject to individual notification (hereinafter "Criteria for the compatibility analysis") (2). It must also be used in the case of any individual aid or scheme, which is notified to the Commission for reasons of legal certainty.

If there are several beneficiaries participating in the notified project, please provide the information below for each of them.

COMPATIBILITY OF AID UNDER ARTICLE 87(3)(c) OF THE EC TREATY — DETAILED ASSESSMENT

Aid for training may be considered to be compatible with the common market pursuant to Article 87(3)(c) of the EC Treaty.

The purpose of this detailed assessment is to ensure that high amounts of aid for training do not distort competition to an extent contrary to the common interest, but rather contribute to the common interest. This happens when the benefits of State aid in terms of positive knowledge spill-over outweigh the harm for competition and trade.

The provisions below provide guidance as to the type of information the Commission may require in order to carry out a detailed assessment. The guidance is intended to make the Commission's decisions and their reasoning transparent and foreseeable in order to create predictability and legal certainty. Member States are invited to provide all the elements that they consider useful for the assessment of the case.

If there are several beneficiaries involved in the project notified as individual aid, please provide the information below for each of them.

COMPATIBILITY OF AID UNDER ARTICLE 87(3)(c) OF THE EC TREATY — DETAILED ASSESSMENT

Aid to disadvantaged and disabled workers may be considered to be compatible with the common market pursuant to Article 87(3)(c) of the EC Treaty.

The purpose of this detailed assessment is to ensure that high amounts of aid to disadvantaged and disabled workers do not distort competition to an extent contrary to the common interest, but actually contribute to the common interest. This happens when the benefits of State aid in terms of the increased net employment of targeted disabled and disadvantaged workers outweigh the harm for competition and trade.

The provisions below provide guidance as to the type of information the Commission may require in order to carry out a detailed assessment. The guidance is intended to make the Commission’s decisions and their reasoning transparent and foreseeable in order to create predictability and legal certainty. Member States are invited to provide all the elements that they consider useful for the assessment of the case.

If there are several beneficiaries involved in the project notified as individual aid, please provide the information below for each of them.
